An Island Golden Wedding

MR. AND MRS. G. E. AKERMAN

On Valentine's Day, February 14, 1901, Mr. and Mrs. G. E. Akerman were married at Fulford Harbor, at the home of the bride's parents, by the late Rev. Fr. Van Goethem. Mr. and Mrs. Akerman have lived at Fulford since their wedding. Both are natives of Fulford.

This week marked the 50th anniversary of that ceremony and residents of Fulford joined with the family in marking the occasion.

For 50 years the couple have been prominent in the life of the

community. During those years they have lived in the same house that they occupy today. Enthusiastic members of many community organizations the pioneers have influenced many features of the development of their district.

They have five children, four of whom are resident on Salt Spring Island. The children are: Mrs. H. J. Carlin, of Ganges; Mrs. W. Harris, Mrs. M. McPhail, and R. M. (Bob) Akerman, of Fulford, and Jim Akerman, of Quesnel. They have 14 grandchildren.

"EXERCISE DISASTER" TO BE STAGED ON SALT SPRING

To Test Preparedness

An "Exercise Disaster" will be staged on Salt Spring Island in the near future to demonstrate the island's program of preparedness as laid down by the Salt Spring Disaster Committee of the Canadian Red Cross.

O. Leigh Spencer, chairman of the Salt Spring organization, which operates as a unit of the main Red Cross Disaster Committee in Victoria, announced at a meeting held in Ganges that the island is now well-equipped to handle a state of emergency.

Illness prevented representatives of the Victoria council from attending the meeting.

Complete Census

Mr. Leigh Spencer outlined the functions of the various sub-committees under his direction. For the first time, he said, a complete cross-indexed census has been made of every person, adult and child, living on the island, which now has a population of approximately 3,000. Mobilization of medical supplies, food, clothing and shelter, as well as transportation and communications, would go into effect on immediate notice of disaster.

Complimenting the workers on the organization that has been built up locally in the past few months, and which is modelled on the disaster committees in larger centres throughout Canada, Mr. Leigh Spencer added: "Being on an island and a relatively small population, our situation is somewhat different from other com-

B.C. ELECTRIC PLANT FACES HIGHER TAXES

Assessment on certain property at the Tod Inlet plant of the B.C. Electric is to be upped by the Central Saanich court of revision from an assessment of \$12,400 to \$412,000. The company has been advised of this increased assessment and the matter will be dealt with at a special sitting of the court of revision on Wednesday, Feb. 21, at 1 p.m.

The change in the assessment has been made after consultation with the Saanich municipal assessor, Reeve Sydney Pickles, president of the court, told the members. The matter had been overlooked by the Saanich assessors.

The matter was brought up at a special meeting of the court, following the council meeting on Tuesday evening. The previous sitting of the court, on Friday, Feb. 9, had heard six cases.

PASSAGE OF FIRE BY-LAW IS DELAYED

First Negative Vote Is Recorded at Council Table

Central Saanich Council rejected the Fire Protection By-Law at Tuesday evening's meeting in the Pioneer Log Cabin, Saanichton.

"I highly disapprove of the delay involved," noted Reeve Sydney Pickles. "It is absolutely essential that we pass the fire by-law as soon as possible."

Councillor Willard Mitchell wanted time to analyze the by-law.

The reeve observed that no purchase could be made of fire-fighting equipment until the by-law was passed.

Councillor Ray Lamont suggested that there had been some exaggeration concerning the influence of the by-law on volunteer firemen. He stated that if the by-law is similar to that of Duncan then it should be satisfactory in Central Saanich. His motion, to adopt the by-law immediately, received no second.

"What are these gentlemen afraid of?" asked Councillor Lamont.

"We want time to think about it," replied Councillor Andrew.

Councillor Lorne Thomson moved that it be held over until next Tuesday's meeting. "Would not Thursday be sufficient time to consider the amendment?" asked the reeve. He referred to the amendment introduced by himself, which gave full control of the firecrews to the fire chief, the latter being directly answerable to the council.

First Dissenter

The motion to postpone the by-law was passed, with Councillor Lamont dissenting. It was the first time a dissenting vote had been recorded.

Poll tax, highway traffic, extraordinary traffic, electrical inspection and oil burning inspection by-laws were all given their final readings and were adopted. An interim expenditure by-law was given its first reading.

Capt. C. R. Wilson appeared before the council, representing the B.C. Bulb Growers' Federation. He requested that the council note the clause in the Saanich Trades License By-Law calling for a license fee for farmers and agriculturists. He requested that this clause be omitted from the corresponding by-law in Central Saanich. Capt. Wilson also asked that the council define the term agriculturist and agricultural product. Neither term has yet been defined in Canadian law, he observed. The by-law was modified accordingly.

Final by-law to receive its first reading was the advance payment interest by-law. This permits of the payment of a discount to ratepayers who pay their taxes in advance.

Wait for Depression

Letters were read from various sources concerning the sea wall at Island View Beach. The minister of fisheries wrote saying that he was investigating reports made in the past and would communicate upon learning the situation. General Peakes, federal member for the Nanaimo riding, stated in a letter that he had contacted the minister and that work would be carried out in the event of extensive national unemployment. A final letter was read (Continued on Page Five)

BULLDOZING CONTRACT

Contract for clearing and rough grading of the site of the new Sansbury elementary school in the Lochside district was let on Monday evening to A. McPhail, Sidney bulldozer operator, for \$486.

Meeting in the school board offices, trustees opened five tenders for the job. Tendering firms included: Ian Douglas of Sidney, John D. Klissinger of Victoria, G. A. Vantreight of Royal Oak, Oldfield and Doyle of Prospect Lake, and Mr. McPhail. There was a wide range in the tenders, Mr. McPhail's being the lowest.

It was agreed that the school site is much too water-soaked at present for the operation of heavy machinery but Mr. McPhail promised to hasten the job to permit of an early start at the construction of the school.

To Discuss Training For Reserve Force

Major S. S. Penny has given notice to the council of the Sidney and North Saanich Chamber of Commerce that he will introduce a resolution at the next meeting of the chamber on Tuesday, Feb. 20, for the approval of compulsory military training for the reserve forces.

Major Penny is the chairman of the national affairs committee of the chamber. He was addressing the council on Tuesday evening, Feb. 13.

ASK HIGHER PENSIONS FOR IMPERIAL VETS

Many Imperial veterans from the Saanich Peninsula and southern Vancouver Island were among the 150 to attend a meeting at the Britannia Branch Hall of the Canadian Legion in Victoria last week.

It was decided to call on Prime Minister Clement Attlee to increase the pensions of Imperial veterans in Canada.

Capt. H. M. Talbot-Lehmann, of Vancouver, called the meeting and Rear-Admiral B. W. Grant, of Ardmore, was in the chair.

BUILDING REGULATIONS ARE CLARIFIED

Building code regulations in North Saanich require a minimum distance between the property and the lot line of 25 feet. Under the original requirements of the zoning regulations this distance was 20 feet. The alteration was made to bring the regulation into line with the requirements of the Highway Act. A report in last issue of The Review gave the figure of 20 feet. This was taken from the regulations prior to the amendment and was in error.

ALBERTA PRINTER JOINS REVIEW STAFF

E. D. Miles, former member of the typographical staff of the Calgary Herald in the Alberta city, has joined The Review staff.

With Mrs. Miles and family he is residing temporarily at Cedarwood Bungalow.

Organizer

HARRY McNICHOL

Harry McNichol, self-styled pyromaniac and Saanichton mink farmer, was elected to head the Saanichton and Keating sections of the newly-formed Central Saanich Volunteer Fire Department by acclamation at the inaugural meeting on Thursday evening.

Reeve Sydney Pickles observed that he had asked Mr. McNichol, Albert Hafer and Ed. Logan to organize the volunteers in the three sections of the municipality. "Mr. McNichol has done an outstanding job of organizing," he told the meeting.

The meeting showed signs of getting out of hand when a discussion arose as to the extent to which the volunteers would be under the control of the council. President McNichol maintained order amid numerous impromptu speeches from the floor.

The future of the department was cleared up when Councillor Willard Mitchell threw in the suggestion that it was to the volunteers themselves to worry over the immediate problems.

The Chain of Command

"I don't think we, as a council, should worry how the men organize," he told the meeting. "They are responsible to the chief and he is responsible to the council."

Councillor Mitchell's statement was eagerly accepted by the meeting. It received the endorsement of the remainder of the council and of the volunteers themselves. Councillor Ray Lamont observed that if any member of the council should attempt to direct any activities of the firemen he hoped that the council would be politely told where to get off.

Final constructive move of the department was to recommend that all three units be trained as one department and not separately.

Vernon Wood was elected secretary and 44 members were enrolled.

A DECEASED OCTOPUS

No discouragement was offered to bathers in Patricia Bay this week when an octopus was washed up on the beach at the weekend.

The creature was armed with tentacles about four feet long before he expired some time before he was found. Bathing was unimpaired. The octopus still had the beach to himself two days later, while swimmers awaited the arrival of the warm weather before entering into competition.

NEW SCHOOL FOR GANGES

—Is Agreed On

A new two-roomed school will be built by School District No. 64 at Ganges in the near future.

This decision was reached at a meeting of interested ratepayers in Fulford Community Hall on Tuesday evening, Feb. 6. Colin F. Mout, of Ganges, chairman of the board of trustees, presided at the meeting which was also attended by School Inspector J. E. Brown.

Vote Is Recorded

Discussion took place on whether to erect the two-roomed school on a site at Fulford or whether to build it at Ganges and transport the pupils from the Fulford area to Ganges daily. By a majority vote of those present, the proposed Fulford school was turned down.

The meeting approved the purchase of the land at Fulford Harbor for the building of a school at a later date.

WATER LINE TO BE LAID

School trustees will co-operate with Sidney Waterworks District in the laying of a new six-inch water main from Fifth Street, westerly along Henry Avenue to the site of the new Sidney elementary school there.

The wooden pipe will be purchased by the school board at a cost of approximately \$134 per foot on a total cost of around \$1,300. The board will also purchase a standard fire hydrant to be erected near the school and which will materially reduce fire insurance on the structure.

The water district will install the new pipe and the completed line will become the property of the water board, who will maintain it.

It is hoped to have the new water line completed within three months.

ANNUAL DINNER IS ENJOYED BY FIREMEN

Members of the Sidney Volunteer Fire Brigade, with their ladies, enjoyed their annual banquet on Thursday evening of last week, the dinner being staged this year for the first time in the fire hall itself. Attractive interior painting job which has just been completed was admired by the visitors.

Fire Chief G. A. Gardner acted as chairman of the banquet, which was served by the staff of the Beacon Cafe. Honored guests were Fire Chief Robt. Brindle of Victoria, and Mrs. Brindle. Members of the fire committee and their ladies were present as well.

Following the dinner films were shown on fire brigade operations and on airline operations through the courtesy of Fire Chief Brindle and the staff of Trans-Canada Airlines.

NOMINATION MEETING CALLED BY VETS

Preliminary to the annual general meeting of the Sidney Unit of the Army, Navy and Air Force Veterans of Canada a special annual nomination meeting will be held at the Veterans' Hall in Sidney on Friday evening, Feb. 16. Nominations for the directorate for the coming year will then be taken. A large attendance is expected on this occasion.

A PICTURESQUE CELEBRATION Of Sidney's Diamond Anniversary Planned

Moustaches are likely to be a prominent feature of the Sidney mink populace in the near future. Among the many suggestions put forward for the consideration of the Sidney Diamond Jubilee steering committee at its meeting last Thursday evening in St. Andrew's Hall was a moustache-growing contest.

Other attractions suggested for the two-day celebrations, on June 26 and 27, included a bathing beauty contest, co-operation of the R.C.A.F. and the R.C.N. in the provision of representative craft of both services to attend at the celebrations, log-sawing or cutting, fire-fighting display and exhibits of old-time costumes.

The committee has circulated a two-page list of suggestions which includes the features of last year's Sidney Day and nearly 40 other proposals.

It is hoped to organize excursions from Salt Spring Island, by means of the Cy Peck and from Fulford Harbor by the Anacortes Ferry.

Throughout the two days of the celebration, prominence will be given to the pioneers of the area and facilities will be provided for their express benefit.

Will Be Considered

The suggestions listed in the circular and any others forthcoming from the public in the meantime will be considered at a meeting in the St. Andrew's Hall on

Hurling Pellets And Egg Forces Boys To Walk

Misdemeanors of several boys on two different school buses operated by Saanich School District No. 64 have resulted in their being denied transportation on the buses and in their walking to school.

Members of the school board learned on Monday evening of the incidents, which included the discharging of paper pellets at the bus driver and the hurling of a raw egg in the bus while it was crowded with school children.

One of the miscreants was while two others were denied the privilege of transportation permanently.

President

MARCEL CHAPPUIS

Retired "Mountie" Marcel Chappuis, indefatigable worker in numerous North Saanich service organizations, was elected president of the Saanich Peninsula branch of the Canadian Legion at the annual meeting on Monday night, Feb. 12, in the Orange Hall at Saanichton.

Mr. Chappuis has long been associated with Legion activities and is among the most active of its members. He takes the office from his brother-in-law, Joe Taylor, Immigration Inspector of North Saanich.

Other officers elected at the same meeting were, first vice-president, C. T. Overman; second vice-president, W. Stewart; secretary-treasurer, J. L. Martin; executive, B. Forster, W. C. James, L. Cabbage, B. Bath, E. L. Clarke, K. Herrington and W. McCallum; sergeant-at-arms, Major C. Dadds.

Mr. Martin gave his report on the activities of the year 1950. He outlined the progress made and the achievements of the organization during the year. The financial report was rendered by the auditor, F. Allen. Both reports were enthusiastically received. The members also heard a statement of the progress made by the Legion-sponsored boys' sport teams.

It was decided to offer every support to the Sidney Diamond Jubilee celebration committee.

"EXPERIMENTAL" TWO-DAY SAANICH FAIR AIMS AT NEW CATEGORY

Saanich Fair is growing up. After nearly 90 years of regular occurrence it is to stretch into a two-day function. Commencing this year the fair will open on the Saturday and continue on Monday, Labor Day.

Decision to increase the period of the fair was reached at a meeting of the North and South Saanich Agricultural Society at the Saanichton Agricultural Hall on Monday evening, Feb. 12. Question of reclassification of the Saanich Fair into a class "B" fair was left awaiting further discussion.

Albert Doney presented the report of the committee which was appointed to investigate the question of reclassification. He noted that the matter had been thrashed out with L. W. Johnson, secretary of B.C. Fairs Association. Mr. Johnson explained that the society would have to offer prizes amounting to \$3,000 at each fair over a period of three years, before qualifying for a government grant.

During the 1950 fair a total of about \$1,000 was offered in prizes. Of this figure, only about \$1,000 was in respect of classes that are included in the class "B" categories.

H. G. Robinson and several

ANACORTES FERRY TO RUN IN 1951

State of Washington Plans To Operate Again This Year

Sidney-Anacortes ferry will definitely operate during the 1951 season.

This is the cheery information given The Review this week by Fred Wright, Sidney businessman following a discussion of the situation with ferry officials.

The international ferry has operated for many years between the Washington city and Sidney, sailing through the picturesque American Gulf Islands en route. Many thousands of automobiles and passengers are carried over this route annually. The ferry was operated by the Black Ball company.

NO LEGAL BARRIER

When the State of Washington acquired a number of the company's vessels, concern was expressed regarding the future of this international service. It has now been determined, according to Mr. Wright, that the state can legally operate such an international ferry and arrangements are now being made to handle the normal service to Sidney this season.

Schedules for the current season have not been worked out yet nor has a starting date been determined.

other members spoke strongly in favor of re-classification.

Soft-Pedalling

Dr. Stanley F. Miles suggested soft-pedalling on the switch over. He pointed out that in order to pay out bigger prize money gate money must be much higher than at present. He urged that a "more cautious" policy be adopted. A bigger gate money would necessitate greater attractions, he observed. The doctor advocated an "experimental year," with prizes boosted in certain sections, particularly the cattle classes.

This year's fair will feature a western riders' display as the main event of the Saturday show. A dog show may also be included. W. Rickman, of the Dog fanciers' Association, in Victoria, addressed the meeting on the question of staging such a show. His association was prepared to undertake this, he told the members. The show may be a championship, parlor or both.

The meeting appointed a committee to further investigate the various aspects of a dog show. Their findings will be announced at the next meeting of the association on February 26.

ANNUAL WATER MEETING

Annual meeting of the Sidney Waterworks District is scheduled for Friday evening, Feb. 16, in the Sidney Elementary school. Financial and other reports of the past season's operations will be presented and a large attendance of waterusers is anticipated.

The term of office of Everett Goddard, chairman of the water board, is terminating this year and a trustee will be elected for a three-year term to fill the vacancy.

THE WEATHER

The following is the meteorological record for ending Feb. 11, furnished by Dominion Experimental Station:

SAANICHTON

Precipitation:	
Snow	
Rain	4.04
Total	4.11

Church Choirs Render Fine Program In St. Paul's Church On Saturday

The three choirs of Shady Creek and St. Paul's United churches combined to present a program of unusual variety and interest on Saturday night last. The auditorium at St. Paul's was filled to capacity to hear this first venture of the two junior choirs working in collaboration with St. Paul's senior choir. Due to a number of causes the junior groups were not up to full strength for the occasion, but together they formed a choir of over 40 voices, which sang the closing number "Dilemma" in such a manner as to send the enthusiastic audience away with a song in each heart.

Frank Aldridge, conductor of the senior choir, planned and arranged the program over which he presided with rare ability. Accompaniments for seven anthems were played by Mrs. S. Darville, piano, and Howard Vine on the Minshall electric organ. These musicians also played duet instrumentals in effective manner. Mrs. E. E. Cunningham accompanied on the piano the two numbers from Shady Creek choir.

Guest artists included Mrs. Darville, of Lochside Drive; Mrs. McIntosh, of Elk Lake, and A. A. Cormack, of Sidney. Mrs. D. Johnson on the piano and Bill Fleming on the saxophone, accompanied the two numbers by the junior choir of St. Paul's church. Miss Gail Smith won high praise for her two piano solos.

Gowns For Choir
A collection was taken during the intermission, when a sum of over \$38 was donated to aid in the purchase of gowns for the junior choir. The minister, Rev. E. S. Fleming, welcomed the large audience and thanked all those who had contributed toward the success of the venture. A profusion of out-of-season tulips formed the major part of the decorations. A pleasing feature of the evening was when Mr. Aldridge presented beautiful bouquets of spring flowers to Mrs. McIntosh and Mrs. Darville as well as a gift from the senior choir to the latter for her assistance in recent weeks at the organ.

It is warmer to wear two thin garments than one thick one because the air between them serves as insulation.

In And AROUND TOWN

MRS. W. J. WAKEFIELD — Telephone 140R

J. A. Taylor of the immigration staff, Sidney, is on his annual vacation.

Mrs. Jas. Easton, Fifth St., is a visitor to Vancouver this week.

Philip Walker, Agassiz, B.C., was a week-end visitor at the home of Mr. and Mrs. R. W. Walker, Ardmore.

Mr. and Mrs. T. Pridmore, Arcola, Sask., are the guests of their niece and nephew, Mr. and Mrs. C. H. Charlesworth, Dencross Terrace.

Mrs. B. Henne, Second St., is a patient at Rest Haven Hospital.

Mr. and Mrs. W. H. Sterne, Edmonton, Alta., have taken up residence in their coast home, Sterne Eden, on East Saanich Road. Since Mrs. Sterne's arrival she has been a patient at Rest Haven Hospital.

Saturday evening, Feb. 10, Mr. and Mrs. G. B. Stone held a surprise party for their son, Bill, on his 17th birthday. Guests were: Barbara Munroe, Margaret Smith, Joyce Coates, Elisabeth Boshier, Bill Fleming, Everett McKay, Alf Schmidt.

Harold Bennett, of 2377 All Bay Road, who has been at patient at Rest Haven Hospital for two weeks, has now recovered and is home again.

Mr. and Mrs. S. Cochran of

Carman, Man., were guests at the home of Mr. and Mrs. W. L. Smith, Fifth St.

Mrs. George Taylor and three children returned to their home on Marine Drive after attending a wedding in Vancouver last week.

Miss Betty Sangster, West Saanich Road, Deep Cove, left last week to commence training at the psychiatric hospital in New Westminster.

Mr. and Mrs. Jack Moore and daughter, Anne, returned to Parkville after spending the week-end at the home of Mrs. Moore's parents, Mr. and Mrs. J. Easton, Fifth St.

F. Bowcott, Fourth St., is a patient at Rest Haven Hospital.

Miss Helen Cochran, Second St., has given up her position at the McDowell Plumbing and Heating Company in Victoria and is now on the Coast Lines staff.

Keith Boshier, of Victoria, spent the week-end with his grandmother, Mrs. J. H. Smethurst, East Saanich Road.

On February 9, women of Sidney and Deep Cove met in two groups to observe the World Day of Prayer. At the Sidney meeting, held in the Gospel Hall, about 75 were present. Leaders were Mrs. R. George Hill and Mrs. Charles Parnell. Others taking part were (Continued on Page Ten)

F"99"
New Swiss Discovery

for Eczemas, Boils, Psoriasis, Leg Ulcers

THE DISCOVERY of one of the main causes of skin diseases will bring new happiness to thousands of people suffering from Eczemas, Boils, Leg Ulcers, and Psoriasis. Science has established that the lack of unsaturated fatty acids in nutrition reduces the natural resistance of the body and leads to skin disease. As this precious substance—so essential to skin health—is often completely absent in modern food, the number of skin sufferers in all civilized countries has a tendency to increase every year.

Remarkable Discovery

A Swiss chemist, Dr. W. Schmitz, succeeded after 10 years of research work in extracting from pure, specially selected vegetable oils an unsaturated fatty acid with a concentration of 99% and therefore named F"99". Thanks to this very high purity which was never attained up to now, F"99" is so readily digested by the stomach and absorbed into the blood-stream that it has a decisive biological activity in the treatment of skin diseases. Its remarkable efficiency has astonished even Skin Specialists of international reputation.

New, natural way to clear up skin troubles

F"99" is not a synthetic drug but a concentrate of natural nutritive substances which Science has recognized as being essential to health. It is absolutely harmless and may be given safely even to infants.

An its name suggests, the F"99" Two-Way Treatment acts both internally (capsules or liquid) and externally (ointment). While F"99" Ointment treats the external visible symptoms of the ailment, F"99" capsules give the body the power to suppress the cause and to combat successfully Eczemas, Boils, Leg Ulcers and even Psoriasis. To many thousands of skin sufferers all over the world, F"99" Two-Way Treatment has already proved its tremendous value. It is being used with remarkable results on cases where all ordinary treatments have failed.

Illustrated F"99" Booklet containing all the interesting facts concerning this remarkable new Swiss Discovery which brings new hope to all skin sufferers, can be obtained free of charge from any druggist or by sending your name and address to Diva-Laboratories, Dept. 107, P.O. Box 114, Victoria, B.C.

TURKEYS AND MINK

Good Combination, Says Councillor

Turkeys and mink make a good combination. Ray M. Lamont, senior councillor of Central Saanich Municipality and veteran mink farmer of Vancouver Island believes that the two branches of farming blend together better than any other types of agriculture.

It is 18 years since Mr. Lamont and his father first commenced to raise mink. There were only four other breeders of the animated fur coats on southern Vancouver Island at that time. Island View Farm had until that time been specializing in berries.

The farm was purchased by Councillor Lamont's father in 1918. It had been built by one of the pioneer Matthews brothers. For many years the entire area was devoted to loganberries.

In the early 1920's Councillor Lamont's father organized the wineries at Lake Hill. The newly-formed company was the Growers' Wine Company. It still operates under that name. For many years it was the destination of the majority of berries grown in the district. Later the control of the company passed out of the hands of Mr. Lamont and his family and the company was taken over by the former sales manager, Herbert Anscomb, now provincial finance minister. Ray Lamont had already decided that he preferred the life of a farmer to that of a businessman and the farm became his responsibility.

Advanced Stock
Since the Central Saanich councillor has held the reins of Island View Farm, he has spent many years developing the stock of his mink. So far has he advanced that he is proud of the difference in color between today's mink and those of former years.

The mink are housed in open cages placed beneath covers. They are protected from the rain but are open to a maximum of sunlight. The present cages are only four years old. The original ranch area is still standing, but it is not currently in use.

COUNCILLOR LAMONT

The farmer explained that he hopes to remodel the original section and bring it into operation this year. He has already started to cut out a number of trees that cut off the light from those cages.

The busy season for the mink raiser is the slack time for the turkey breeder. The beginning of the mink season will open next month, when breeding commences. For the ensuing two months or so the small, vicious animals require constant attention. When they have raised their young and are settling into the period between birth and the pelting season the turkeys come into the picture.

Turkeys
During May the farmer will take delivery of several hundred day-old poults.

They will be flown to him the day that they hatch out. For a time they will spend their days in the brooders. Finally they will find their way to the open ranges to develop into a size suitable for the table.

Mr. Lamont expects to run about 600 birds. He is making extensive alterations to the facilities at his farm to minimize the tasks that accompany the raising

KEATING

Mr. and Mrs. Sam Robinson, East Saanich Road, are moving their dwelling to the corner of East Saanich Road and Keating Cross Road.

Charles Mollard, Stellys Cross Road, has returned to his home after spending a few days in the Royal Jubilee Hospital.

Mrs. W. D. Michell is still confined to her residence.

W. G. Taylor, East Saanich Road, is now recuperating from an appendectomy.

After all the rain which has fallen, a very interesting thing was heard on Lamont Road, to give the people of the district hope with the weatherman. The frogs made their annual appearance in the district on Saturday afternoon. Many residents are hoping to see spring appear soon.

of turkeys. He is fencing in separate ranges and water has been piped to all the range areas.

Restrictive
Farming is a restrictive occupation to the councillor. At the present time rarely does a day go past without his being called to a meeting at the Log Cabin headquarters of the council or to a conclave in Victoria. This regularity of attendances will suffer a sharp arrest when the demands of the farm call the councillor to task next month. There will be no opportunity to attend to council business during the day, prophesied the councillor.

The farmer has resided at the Island View Farm since he was born in that same house. Eight years ago he married Miss Pat Hutchison. Mrs. Lamont finds the new office, to which her husband has been elected, restrictive in view of the frequency of his calls to duty. She looks to the day when she has her own car running again and can travel to and from the centre of Keating independently of the call of the council.

HOOP TROPHY PRESENTED

Saanich Community Junior boys were honored Saturday night in the Agricultural Hall by a presentation by President Ernie Stock of the Basketball League, of the much-coveted "Dad Quirk" trophy for winning the Saanich Suburban League title. Ernie Stock made a brief address to the boys commending the team on their "gamely" play during the season and extended his sincere congratulations.

Featuring Saturday's game in the Agricultural Hall will be the start of a total-point series for the entire teams of the club for the Old East and West cup. Pee-wees of Brentwood and Saanich will meet for their first game, also Midget girls, Junior girls, and Saanich seniors will battle with the Brentwood Aces.

Sharp Drop In Egg Production

Poultry market report as supplied by the Dominion Marketing Service, Vancouver, follows:

Egg receipts showed a decrease of 13 per cent through registered stations in British Columbia last week. This drop can be attributed to a moderate increase in hatchery requirements and a loss in production due to recent cold weather.

With local supplies continuing to shorten, more operators are becoming dependent on shipments from Prairie points for a considerable percentage of their turnover.

There have been no eggs stored under the price support program so far this season.

Sales continue at a high level through retail channels and shipments to outside points are steady. Poultry receipts were in moderate volume and, except for broilers, insufficient for demand. Only one small lot of fowl arrived from the U.S. last week. Broilers are moving by refrigerated truck to Alberta points, with further shipments expected shortly. Sales through retail channels are fairly active.

BOY BILLIARD CHAMPION

Emlyn Warren Parry, 16 years old, a heart victim, is British boys' open billiards champion. Emlyn has spent most of the past six years in hospital but took up billiards as a mild form of exercise. He can play only two hours at a stretch and was coached to championship by retired Rhondda Valley coal miners.

Chief Announcer

Marce Munro is chief of the eight announcers heard on provincial stations of the CBC's Trans-Canada network. His voice is heard on a number of CBC programs, including the 2 p.m. and 12.15 p.m. newscasts.

- CENTRAL SAANICH -

SAANICHTON SCHOOL NEWS

(By Harry Hoskin and Jimmy O'Reilly)

The highlight of the week at our school was the visit of Miss Evison, travelling representative of the Junior Red Cross headquarters in Victoria. Division 1 and 2 assembled to hear Miss Evison's message and hear the greetings received from juniors in Czechoslovakia. There were beautiful hand-made china ornaments such as penguins, cats and dogs. Two eggs had been blown and colored with native dyes. Then tiny bits of wheat stems were everly glued on to form beautiful patterns. It was as we want to be more patient and painstaking in our handwork for our Junior Red Cross sale in March. Miss Evison thanked us for the portfolio we sent to England and congratulated us on the many activities of health, service and friendship we have carried on this year.

To mark Health Week, we wrote letters to patients in the Solarium and learned about health customs from other countries. Mrs. Cora John kindly allowed Jean Facey to post an immunization poster in her store.

Division 1 this week are carrying out a social studies unit on "The Canadian Shield" which will be a film-strip on Great Lakes shipping.

George Peters, our radio manager, wrote to the director of school broadcasts asking for certain musical selections we have learned this year, to be included on the request program.

For our Junior Red Cross sale Jean Facey is embroidering an apron, Aileen Collins is making bead teapot stands, Ann Fomage, woollen lapel dolls, and Josephine Wood two baby pillows.

Gordon Heal was the first person in the primary room to bring a contribution for the science corner. Gordon's contribution was sea-shells.

A VALENTINE

(Dedicated to our mothers)
A sweet little heart I'll give to you
My dearest mother mine,
I'll tell you that I love you true.
For you're my Valentine.
A heart to sing and laugh each day,
And to be good and kind;
I'll help you, mother, on the way.
True happiness to find,
When I grow to be a man,
I'll love you, mother mine.
For you'll live and work and plan
To be your Valentine.

WATER SUPPLY NOW ADEQUATE

Brentwood school well has been condemned and the school is now hooked up to the Brentwood Waterworks District supply. This was announced at the meeting last week of the Brentwood Parent-Teacher Association.

The well-attended meeting was addressed by Bernard Gilie, principal of Topaz Avenue high school, in Victoria. The main feature of his speech was the new much-criticized report forms. He explained that they are adequate and perfectly satisfactory if properly marked. A lengthy discussion on the subject ensued. An atmosphere of dissatisfaction prevailed.

Disapproval of the delay in commencement of the new Brentwood school was expressed.

The meeting discussed the forthcoming children's fancy dress Valentine party to be held in the Brentwood W.I. Hall on Friday, Feb. 16. The meeting also discussed the preparation of a play. A dramatic group will be sponsored by the association. Further plans will be laid at a meeting in the school on Wednesday evening, Feb. 21.

Al. Burdon was appointed representative of the P.T.A. to the school board.

Dorothy Paul Heads Saanich Indian C.Y.O.

Dorothy Paul, member of the prominent West Saanich Indian family, was elected president of the Saanich Indian Catholic Youth Organization at the recent annual meeting.

Miss Paul was also named chairman of the cultural committee. She has arranged a series of addresses by Maurice Connor, secretary-treasurer of the Saanich Peninsula Credit Union. The series will consist of two lectures. The group made initial preparations for a play to be presented at the C.Y.O. Drama Festival at Nanaimo on March 18.

Other officers elected included vice-president, Earl Claxton; secretary-treasurer, Anne Elliott; religious committee, Marie Cooper.

DEATHS FROM TUBERCULOSIS
If present trends are maintained, deaths from tuberculosis in Scotland in 1950 will again be the lowest on record. Death from non-respiratory tuberculosis at probably under 400 will be less than half of the best per-World War II figure and less than a sixth of the average prior to World War I.

BRENTWOOD

Mrs. F. Littlewood, Marchants Road, was called by phone on the "Six for One" program at the 10 o'clock broadcast one morning this week. Unfortunately for Mrs. Littlewood her radio wasn't turned on. The silver dollar offered her for having been called was turned over to the Solarium "Shower of Dimes". Last week Mrs. Muirhead, Clark Ave., less than a block from Mrs. Littlewood's home, was called. The Muirhead's radio was tuned to a different station.

Mrs. F. Shuman, with daughters Donna and Dianne, were visitors at Duncan over the weekend.

After several years' residence at Brentwood, I. M. Reid has sold his home on the West Saanich Road and Verrier Avenue corner and taken up residence in Victoria.

Bill Wolfe is a patient at Rest Haven Hospital, suffering from a mild case of bronchial pneumonia.

Stanley Korman and family, Verrier Ave., are moving to their new home in Victoria this week.

Social Club 20 held a card party on Saturday at the Dawson Pent house. Prizes for high score went to Mrs. V. C. Dawson and Steve Sivertson. After cards there was an hour of dancing, followed by refreshments.

Several car loads of Brentwood residents journeyed to Sidney on Saturday evening to hear the choral program, given jointly by the junior and senior choirs of St. Paul's United Church and the choir from Shady Creek United Church. All attending were enthusiastic in their praise.

The W.A. to the Shady Creek United Church met at the home of Mrs. Smith, Verrier Ave., on Thursday last. Mrs. Cruickshank and Mrs. Wishart gave reports on the missionary convention they attended recently in Victoria. Final arrangements were made for a social evening and entertainment that will be held at the church on February 26. It was decided to hold the next monthly meeting at the home of Mrs. Cruickshank, on Keating Cross Road. Mrs. A. Burdon and Mrs. Wishart were tea hostesses.

Art Slater, Saturna Island, was a Brentwood visitor on Sunday.

SAANICHTON

G. Lawson, Saanich, a regular cribbage player at the fortnightly parties held in the Pioneer Log Cabin, Wednesday evenings, was successful in obtaining the highest score 991 since the club has been in operation over 16 years ago. Miss Bessie Jackson also finished with a score in the nine hundreds to take the honors for the ladies. Refreshments were served by members, convened by Mr. and Mrs. R. Nimmo.

At the weekly meeting of the Saanich Wolf Cubs, arrangements have been made for the Cubs to become ranchers, dressed appropriately and Akela Mrs. Mills will be ranch owner and Baloo Miss Marilyn Bellamy ranch boss. Sixers, Dave Allen and Dave Greenway will be range foremen. All will gather in the main corral to round up

the stock, mend the fence line, hunt a cougar, bulldog a steer, rope the cows and drive the chuck wagon. These games will include such Cub activities as knotting, somersault, observation, stalking, signalling, first fire fighting, folding clothes, telling the time. Highlighting the cowboys' day of course, will be a campfire, sing-song and "chuck" of winners.

The Saanich Brownie Pack held a Valentine meeting on Tuesday and a King and Queen of Hearts were chosen to lead the games, which will cover Brownie tests. Brownies will search for the tarts stolen by the Knave. Shirley Webster was enrolled as a Brownie at the last meeting of the pack. Two candidates for the Golden Hand badge passed their tests under examiner Mrs. W. F. Margason on Saturday. To acquire this award the knowledge of semaphore, National Anthem, compass points, plant growing, parcel tying, knitting, fire-lighting, greeting and intro-

MORE DOING LESS
Lord Rowallan, Empire Chief Scout, stressing the need for increased support of the Boy Scout movement, said: "We want more people doing less—better." In Ottawa they have taken the Chief Scout seriously. Since September, 1950, some 65 adults have voluntarily joined the movement as leaders, bringing the Ottawa Scout leadership total up to more than 250.

ducing a guest, cooking, folding clothes, skipping, carrying a message, fire safety rules, cleaning shoes and two singing games.

Members of the Saanich P.T.A. will at their monthly meeting enjoy six film strips which have been purchased for the school, entitled "Timber From Forest to House," "The History and Settlements of Canada," "B.C., Yukon and N.W.T.," "Great Lakes Shipping," "Pacific Salmon Run" and "Orphan Willie" a health picture. Child study will also be on the agenda and refreshments will be served.

LICENSE PLATES

A GREAT many words are being said and written at present about the provincial government's new system of licensing automobile drivers. Perhaps enough has been said in that connection. We're more interested at the present time in car licenses.

We agree with the government that it's a sensible economy this year to supply us with only small metal tags to attach to our present license plates. That seems just common sense. But we're going to suggest another way in which they could be helpful.

The government co-operated to the full this season in starting to test automobile drivers in Sidney. Scores and scores of drivers have been accommodated in this way. And in doing so the government acknowledged that there are many motorists living north of Elk Lake. We are informed on good authority that more than 2,000 cars are located on the north end of the Saanich Peninsula.

We are convinced that the time has arrived for the provincial government to sell automobile license plates in Sidney. If our figure is close and the average charge for car licenses is \$20 to \$25, then the government collects annually around \$40,000 to \$50,000 solely for the licensing of cars on the Saanich Peninsula. It would seem, on the face of it, that the sale of license plates in Sidney is a service which the motorists of this area have every right to expect of their government.

Car licenses are sold on Salt Spring Island today. This is as it should be. But by the same token, the north end of the Saanich Peninsula is entitled to the same service.

We are convinced, further, that the sale of license plates and car licenses should be handled at a provincial office. When the policing was in the hands of the former B.C. Provincial Police, it was all well and good for them to handle provincial licenses. But with the federal force now responsible for the policing, it seems logical that provincial licenses should be handled by provincial civil servants.

A WORTHY ORGANIZATION

THE Boy Scout movement is a worthy organization wherever it has spread throughout the world. It is a valuable asset to the community life of this district.

North Saanich Scouts will celebrate the birthday of their founder, the late Lord Baden-Powell, in a tangible way this year. In an effort to raise money to improve the Sidney Scout Hall, they are going out in search of work. The boys will do any reasonable work for householders and expect in return a small payment which will swell their building fund.

The Scouts are inviting the co-operation of the public and we sincerely hope that they will receive it.

LEGAL REASON FOR THE CENSUS

THE Ninth Decennial Census of Canada in June this year is based on fundamental legal requirements dating from Confederation. Under Section 51 of the British North America Act, 1867, it was enacted that after the completion of the census of 1871, and of each subsequent decennial census, representation of the provinces should be readjusted by such authority, in such manner and from such time as the Parliament of Canada provided, subject to certain rules. The chief of these rules was that the Province of Quebec should have a fixed number of members (65) and that the representation of other provinces in the House of Commons should bear the same proportion to the population of the province as the number 65 bears to the population of the Province of Quebec.

In 1946, Section 51 of the British North America Act was repealed and a new Section substituted, as follows:

"The number of members of the House of Commons shall be 255 and the representation of the provinces therein shall forthwith, upon the coming into force of this Section, and thereafter on the completion of each decennial census, be readjusted . . . according to the following rules—(a) subject as hereinafter provided, there shall be assigned to each of the provinces the number of members computed by dividing the total population of the provinces by 254 and by dividing the population of each province by the quotient so obtained . . ."

This new Section thus did away with the former provision in the Act by which the Province of Quebec was given a fixed representation for determining the quotient upon which representation in other provinces could be calculated. Accordingly, the membership of the House of Commons was increased from 245 to 255 (including one member from the Yukon).

Representation of the Province of Quebec was increased by the 1947 readjustment from 65 to 73 members, that of Ontario from 82 to 83, Nova Scotia from 12 to 13, and British Columbia from 16 to 18. Manitoba and Saskatchewan each lost one seat, the new representation of the former being 16 and of the latter 20 members. Representation of the remaining three provinces was unchanged, viz., New Brunswick, 10; Prince Edward Island, four; and Alberta, 17. Seven seats were given to Newfoundland on its entry into Confederation at midnight on March 31, 1949, raising the total membership in the House of Commons to 262.

Since 1941 there have been some substantial shifts in population as between provinces and further changes are likely to take place in provincial representation in the House of Commons in the next redistribution of seats following the 1951 census.

Letters To The Editor . . .

ABOUT SCOTSMEN

Sir, Review,

It must be known to most Canadians that the Scottish people are in the very front rank as being both persistent and masterly. They excel in carriage and courage, in fighting and engineering, in exploration, in assertiveness in criticism and in looking forward. These and other matters of fact can now be gathered over the radio as well as from personal ob-

servation and the reading of history books.

The Scots helped to found and maintain the American republic and also the present British Commonwealth, now showing signs of a degree of amalgamation. How erroneously such a project can be made the greatest event of all time, and to assist people everywhere must be left to personal imagination. Politics are likely as not to obstruct such a development. The military in the U.S. Vancouver, B.C.

(By J. H. Hamilton)

While the voyage of Captain Voss in 1901 in his little dugout Indian canoe from Victoria, B.C., to London, via Australia and South Africa, will long stand as a record and a milestone of achievement, still there have been other intrepid voyages undertaken by men from this vicinity. One which will not be forgotten by the people of Victoria, Saanich and the Gulf Islands is the remarkable cruise of the late Commander Eustace B. Maude, R.N., who, at the advanced age of 77, sailed in a 22-foot boat for 97 days, covering a distance of over 4,000 miles on the ocean.

It appears almost incredible that an aged man could safely navigate a tiny craft through the storms of the North Pacific, alone and unaided, and return to land to tell the tale; but such was the accomplishment.

Commander Maude was of the old-school British Navy type. Born in Kent, England, in 1848, he served 21 years in the navy, seeing service in various parts of the world. Retiring from the sea at the end of his service, he migrated to America and later to Canada, coming finally to a ranch on beautiful Mayne Island. Here he rested, living out his life in the comfort, security and placidity of the Gulf Islands, happy in the association with his family.

Commander Maude's first ship after leaving Naval College in 1861 was H.M.S. "Scout," which was sent to Esquimalt in 1861. Doubtless his early impressions of British Columbia and the Gulf

only lately had to intervene in a dangerous strike. In the same land the cost of government and the cost of living are uncontrollable. And in Scotland a group of malcontents are planning secession from the British Union, leaving out of consideration the matter of dividing the assets and liabilities of such union.

And there is the question of how to receive the great Robbie Burns. More as the years roll by he is given a glad remembrance by Scots who are warrior-minded. Burns hated war. He has sometimes been lauded to the skies by rich and educated men. Burns had little in common with either class. For his hard and sympathetic good sense, Burns has been adopted as a model of saintliness. Research will not discover him to have been a saint.

Burns called himself a "rhymer" without pretense, and few people will deny him great credit. The land of his birth was a harsh land for many, but there was loveliness to be found for Burns has said so. In Canada we need not be reminded of other great Scots, such as Livingstone, Macaulay, Carlyle, and others.

The Robert Burns "Songs of Liberty" show an excess of liberty. Considerably so in spots, but there is no doubt that kind of mentality gained momentum if it did not actually start with Burns. So much, so good. The historian Carlyle is to be preferred, trade unionism is far more effective and is on the march to an unknown destination.

PHILIP HOLLOWAY.
Saanichton,
February 12, 1951.

YOUTH SERVICE

Editor, Review,

The annual appeal for funds for The Boy Scouts' Association is being made throughout Canada February 5 to 21.

For several years we have each year directed our appeal to you in the hope you will want to be associated by your financial support with the training of our young people in the principles of Scouting.

Thousands of men find a great many women, too, contribute generously of their time and of their money in support of this work. The boys themselves are trained to be self-supporting insofar as it is possible. In spite of this, it is still necessary for funds to be raised for the work of the Provincial Council, which supplies a vital service to the various district units, including your own area.

Every dollar that is contributed to this work is economically and effectively used in the work of training young people to "Do unto others as you would be done by." It is a clean and strong morally and physically to be good citizens of Canada. Such training leaves no soil on which to sow the seeds of juvenile delinquency.

The money you contribute is an investment in the perpetuation of "our way of life." It may also be deducted from your income for taxation purposes.

Please send your cheque, however small, to The Boy Scouts' Association, 600 Hamilton Street, Vancouver, B.C.

Yours faithfully,
R. D. BAKER,
President.

An Intrepid Voyage Is Recalled

Islands remained in his memory and when, after long service, he retired from the Navy, it was to Mayne Island he came. During his Navy years he served on H.M.S. "Rinaldo" on the China Coast station, the "Tamar" on the Mediterranean and on the Royal Yacht "Victoria and Albert."

An Ambitious Plan
Age was creeping on, and with the passing of the years there came to Commander Maude, increasingly, year by year, the call of the sea. We are told that the aged live again, in recollection, their earlier lives; there must have passed through his mind the varied scenes of his younger days and his adventures. The determination grew, dreaming

The Review's Book Review

"FOLLOW THE SEVENTH MAN," by Robert Standish; Macmillan Company; 244 pp, \$3.75.

It is difficult to see precisely where Mr. Standish is leading the reader in this book. The story is set in the east during the early part of the present century. The moral world appears to be that eastern culture is not to be influenced by western culture and education. History has proved that in many cases the influence of such a mixture has been beneficial.

Selim was the Sultan of Zimbabue in Malaya. He was educated in Britain because it was the wish of his father and of Sir Anthony Rumbold that he should be acquainted with the western world. Attending Repington school, in Britain, he was in constant touch with Peter Rumbold. They were never close friends although they spent much of their time together.

In due course the young easterner became the sultan and Peter became his official adviser. The relationship is welcomed by both, but each is well aware of the extent to which the patience of the other may be stretched.

It is at this point that the theme of the book gets out of hand. It might well be that under such difficulties as accompany a western education even the soundest of Oriental minds may break down. The gentleman from the far east may not take well to the western idea of only one wife at any one time. According to Mr. Standish he is likely to look with more than friendly eyes upon the wives of his followers and friends.

That the Englishman in the far east may at some time be cuckolded by an eastern potentate is not beyond the bounds of imagination. That it was largely due to his English education is, at least, a most unflattering reflection on the great schools of Britain.

The book is interesting in its somewhat slightly dry historical style. The activities of the adviser in getting the country on to its feet would have borne more emphasis than the writer saw fit to give it. It fits together well and it holds the interest. The theme is nonetheless unlikely, despite its realistic dressing.—F.G.I.

among the maples and roses of his ranch, that he would once again, ere the chapter was closed, taste the salt breezes and fight again the age-old fight with the forces of the ocean. He said never a word to his family regarding his recurrent thoughts of a final voyage to sea, but the idea matured and one day he announced to his astonished son that he had decided to sail in his little boat the "Half Moon" to London, via

the Panama Canal and thought he would undertake the voyage alone. Undissuaded by arguments and entreaties, to which his sole answer was "Why not?" the intrepid old man, 77 years of age, set about his preparations. The "Half Moon" was a sturdily-built sail boat of a type familiar to our coastal waters, as may be seen in the accompanying photograph, taken at Victoria just prior to the (Continued on Page Six)

Reflections From the Past

20 YEARS AGO

New officers of the Salt Spring Island Sheep Breeders' and Agricultural Association are president, Norman Wilson; vice-president, John Rogers; directorate, J. Bennett, William Palmer, H. Ruckie, W. Y. Stewart, R. Collins, R. Maxwell, C. Gardiner, C. Goodrich and J. A. Kerman.

David Craig will open up his business in his new premises on Monday. He has moved into the building recently vacated by Jack Ashely, opposite the Sidney Pharmacy. Changes have been made in the premises and Mr. Craig will continue to trade as a blacksmith and stove exchange business. His blacksmith shop was formerly on Second Street, while his stove exchange and retail store were on Beacon Avenue, next door to R. C. Sloan's shoe-maker's shop.

The death occurred on Saturday at the Royal Jubilee hospital in Victoria of Annie Stuart Griffin, of Breed's Cross Road. The late Mrs. Griffin was born in New Brunswick and had resided in Sidney for the past 30 years.

Engagement is announced of Basil Phelps, youngest son of Mrs. F. Phelps, Pender Island, to Miss Irene Jeffrey, of Grand Forks, B.C. The wedding will take place in the mainland city. Miss Jeffrey has been a member of the staff of Rock Bay hospital for some time.

On Sunday morning Wilfred Douglas, of Burgoyne Bay, met with an accident when he fell from a high tree on to the rocks below, spraining both ankles. He was put up in an aerial when the accident occurred.

Mr. and Mrs. Alec Scoones and family have taken up residence in the property on Ganges Hill, which they recently acquired from Mr. and Mrs. Cecil Abbott, of Victoria. Mr. and Mrs. Scoones were previously residents of Galiano Island.

25 YEARS AGO

A very quiet wedding took place at the Manse, Sidney, Friday morning, when Edith, daughter of Mr. and Mrs. H. J. Ricketts, East Saanich Road, was united in matrimony to Edward, son of Mr. and Mrs. Wilson, Fifth Street, Sidney. Rev. M. Lees solemnized the marriage.

J. H. McTavish who has operated the Henstock Farm on Thomas Cross Road, a mile south of town, for the past year, is giving up farming. He is holding an auction sale at the farm on Wednesday.

Mr. and Mrs. Smith, of Salt Spring Island, were visitors to Deep Cove over the week-end. On Friday evening a small fire was discovered in the rear of the

Mouat Bros. store building at Ganges, where some carpenter work is being done. It was extinguished before any serious damage was caused.

The many friends of Geo. Simpson, of Deep Cove, will be glad to learn that he is now out of St. Joseph's hospital after his long illness of 11 months. He is convalescing at the home of his daughter in Victoria.

Mr. and Mrs. Speedie have leased the premises formerly occupied by the Nelsons, next to the Sidney Service Station, on Beacon Avenue. They are now conducting a restaurant and rooming house.

Mrs. Lattanzi, of Centre Road, returned home on Friday after spending several days visiting friends in Victoria.

The Rev. R. D. Porter and Mrs. Porter were in Victoria last week. Rev. Porter attended the Anglican Church Synod. He was accompanied by Col. Fawkes.

Several cases of petty thieving have been reported from the Deep Cove area during the past week.

Miss F. Bassett, who has been spending the past month at Mayne Island, is the guest of her aunt, Mrs. Friday, at Deep Cove.

Mrs. E. Craig, who has been ill, is spending a month in Vancouver, while Miss Whitehead, of Vancouver, is helping out the matron at the Lady Minto hospital.

Mr. and Mrs. S. Jones, of The Chalmers, Deep Cove, are spending a week's holiday in Seattle.

The following is the ranking of the pupils of the Deep Cove school in order of merit for the month of January: grade 7, Dorothy Calvert, Marjorie White, Violet Nichol, Gwendolyn Argyle, Grade 6, Frank Lines, Raymond Stevens, Claudine Nichol, Grade 2, Eric Jones, Cecil Lines, Dora Beattie, Grade 1, Marjorie Sney, Jean Lee, Catherine Yeo, Winifred Johnston.

30 YEARS AGO

A very enjoyable time was spent at the Women's Institute at Keating, when 11 tables of cards were in play. Winners included Mrs. Gold, Mrs. E. R. Lawrie, J. H. Sutton, W. S. Butler, Mrs. McNab, Miss Iletta Lawrie, O. E. Cruse and F. Tanner. Mrs. W. Michell was the winner of the cake in the guessing contest.

Elected to the executive this year of the West Saanich Women's Institute are: Mrs. Guy, Mrs. Fox, Mrs. Wallace, Mrs. Atkins, Miss Maher, Miss Freeland and Mrs. Murray.

B.C. Cement team won when they played the Jordan River basketball team on Thursday

night. The game was watched by one of the largest audiences to attend these matches, at Tod Inlet. Cement Company line-up was: Prescott, McLean, Bradstock, Stephens and Parsell.

Miss Audrey Griffin, the noted champion lady swimmer, was the guest this week of Capt. and Mrs. W. D. Byers, Fourth St., Sidney. Miss Griffin, in order to keep in good physical condition walked out from Victoria. She covered the distance in four hours and a half. She walked back to Victoria on Tuesday.

NEW RECORDS ESTABLISHED BY TELEPHONE USERS IN 1950

Sidney, Keating and Ganges telephone users set new records in local and long distance calling in 1950. Telephone company statistics show that the operators in each of the three exchanges handled an all-time high average number of calls per business day, with Sidney leading the way with 3,132 local calls, Ganges next with 2,203, and Keating with 1,578 calls. The overall total of 141,146 long distance calls for the three exchanges during the year exceeded by more than 8,000, 1949's total of 132,797 long distance calls. Keating exchange gained 55 telephones over last year's figure, giving it a total at January 1 of this year, of 583 stations, while Sidney added 76 instruments to total 918 telephones. Ganges and Mayne Island were increased by 16 and 10 respectively, bringing their individual totals to 457 and 157 each.

MANY POSSIBILITIES OF EGGS ARE VAUNTED BY HOME ECONOMISTS

Eggs, a protective food as well as a protein food, lend themselves to great variety in serving. Probably no other single food can be utilized in a greater number of dishes suitable for breakfast, lunch or dinner. In the eyes of the busy homemaker, eggs are the answer to the problem of preparing a hurry-up meal. With a good supply of eggs in the house there is no need to worry about having supper on time even if the meeting at the church or school finishes later than usual, or the shopping takes longer than expected. When it comes to cooking and baking, eggs are quite exceptional because they do wonders in leavening cakes, inducing meat loaf mixtures to stick together for better slicing, and helping oil and vinegar to combine in mayonnaise.

Problem Frequently left-over egg whites are a problem to the homemaker. One of the favorite ways to use egg whites is to make meringues. The two chief ingredients in meringues are egg whites and sugar but there can be considerable variation in the proportions used. A little sugar makes a fluffy meringue for topping pies and puddings.

The home economists of the Consumer Section, Canada Department of Agriculture, prefer the proportion of two tablespoons of sugar to one egg white. There is a wide difference of opinion as to baking times and temperatures for pie meringues but here again the home economists give their preference, a temperature of 325-350° F., and a baking time of 15 to 20 minutes. It is wise to remember in making any type of meringue that it is best to add the sugar a tablespoon at a time, and then beat the sugar into the egg white until it is thoroughly dissolved. In this way there is less tendency for syrupy beads to form on the surface of the meringue after it is baked.

After-It-Baked Dish A large amount of meringue makes the confection light and crunchy. Strawberries in June, peaches in September, and under ice cream the year around. This sweet confection-like meringue which may be a dessert in itself or a foundation for other desserts, is usually prepared by using one-quarter cup of sugar to each egg white, with salt and flavoring added. These meringues are dropped by spoonfuls onto a baking sheet and baked in a very slow oven for 30 minutes. The oven heat is then turned off and the meringues are left in the oven until they are completely dry, crisp and crunchy. Egg cooking is simple, but the one important thing to remember is that the delicate-textured egg likes moderate, even temperature. In making baked custard the general rule for ingredients is to use three-quarters of a cup of milk for each egg and one to two tablespoons sugar, depending upon desired sweetness. A little salt, vanilla or nutmeg are added for flavor. Baked custards are always oven-poached in a moderate oven, until firm. Soft custard, commonly called custard sauce, is made by using one cup milk for each egg and cooking the mixture in a double boiler, stirring constantly, until thick enough to coat a silver spoon.

Cream Sauce A soufflé is a combination of thick, well-seasoned cream sauce, egg yolks, and stiffly-beaten egg whites. The cream sauce must be thoroughly cooled before the beaten egg yolks are added. This

TO CALL RESERVISTS FOR TRAINING In a statement to the U.K. House of Commons on January 29, Prime Minister Attlee stated that 235,000 reservists, officers and men, will be called up for 15 days training this summer. The majority of the men will be Class Z reservists who were called up for service before the end of 1948.

EMPIRE YOUTH SUNDAY Empire Youth Sunday will be observed on May 6. It is hoped H.M. the King will send his customary message to be read at church services on that day.

TEACHERS WIN CHALLENGE MATCH On Thursday last, the North Saanich high school staff accepted a challenge from the Senior boys of the school. Result, a close hard-fought volleyball match from which the staff, variously attired in comedy garb, emerged victorious, 21-18, 21-18. The \$8.50 collected from students willing and anxious to witness the "spectacle" is to be used by the Students' Council toward paying for basketball towels recently purchased for school teams.

CZECHOSLOVAKIAN FIGURINES HERE North Saanich high school featured a display of 15 figurines that has been sent to B.C. by a Junior Red Cross school group from Czechoslovakia. The pieces have been exquisitely sculptured and fired in attractive colors. Accompanying the figurines are three hand-decorated egg shells. The shells have been glazed and then decorated with wheat straw as the design medium.

NAMED TO EXECUTIVE Harold Andrew, Central Saanich councillor, and prominent breeder of talking budgerigars, was elected to the executive at the inaugural meeting of the Vancouver Island Budgerigar Society recently. The formation of the society is an indication of the growing popularity of these birds.

WANTED Applicants to fill the following positions with the Central Saanich Municipality, Saanichton, B.C.: (1) Municipal Clerk to also act as treasurer, assessor and collector. (2) Works Superintendent. (3) Truck Driver.

Applications, in writing only, stating experience, references, salary required and date available to be in the hands of the Acting Municipal Clerk, not later than February 23, 1951.

MECHANICAL ELEPHANTS FOR CANADA Launching of the world's first mechanical walking elephant by inventor Frank Stuart, of Thaxted, England, last summer, has resulted in Canadian orders for 14 of the one-ton brutes. Six of them are on order for the Festival of Britain while orders from other parts of the world include \$95,000 worth for the U.S.A.

A cord of seasoned wood will give as much heat as a ton of coal, and leave about one-quarter the amount of ashes.

WANTED - FIR PILING Apply for specification and prices stating quantities available and deliveries

Turkey Quirks

With new ideas developed by the poultry industry of Canada, the venerable turkey is no longer only a Christmas and Thanksgiving specialty. Such things as cut-up poultry have made it possible for the turkey to become a regular part of the family meal, any day of the year. Consumers can purchase a half-turkey, wings, legs or even turkey steaks according to the requirements of the family meals. Top picture shows half of a turkey carcass being wrapped for the retail counters, the other half awaiting its turn. These carcasses, eviscerated and cleaned, are ready for the oven. Bottom picture is a delicious turkey steak, destined to become a regular favorite among the millions of Canadians who like turkey meat but previously bought it only for special occasions.

MORE ABOUT SAILOR

(Continued From Page Four)

departure of Commander Maude on his venture. Her dimensions were: length 22 feet, depth 4 feet, beam 7 feet.

Maude was a reader of books. He took with him on his voyage a volume of Shakespeare's works. Capt. Voss' description of his famous voyage in his Indian canoe, the "Tillicum," in which he voyaged from Victoria to London, via Australia (the "Tillicum" is now a valued relic exhibited in Victoria's Thunderbird Park). He knew that Capt. Voss had safely completed his voyage across three oceans; he knew that Capt. Joshua Slocum, the American, had won fame by circumnavigating the world in his small sloop. He knew too that Slocum had sailed on a similar voyage a second time and did not come home. He was under no illusions as to the perils of his intended voyage!

The Vessel Sails
May 1, 1925, the "Half Moon," with her one-man crew, sailed from Victoria. Many of our readers will recall that event, and the doubts which arose in their minds as to its conclusion. But the memory of Capt. Voss had not faded, and the "Half Moon" departed with good wishes and expression of hope that she would safely reach London.

"On May 4," said Commander Maude, in recounting his adventures, "I passed Cape Flattery. I continued to work down the coast at a distance of about 150 miles, when, about opposite Eureka, California, I experienced foul weather and on May 20, while washing dishes after breakfast, a big roller swung the boom over, catching me on the base of the skull. I dropped unconscious into the cockpit and do not know how long I lay there. When I regained my senses I had a violent pain in my head, which continued for many days. For five days I could not distinguish the points of the compass. I had been facing

the sun throughout the voyage, and this, combined with the severe headaches, caused my sight to fail and I was nearly blind. It finally became so bad that I reluctantly decided I must return to Victoria."

"All Well"
On June 18, the "Half Moon" was sighted by the Matson liner "Mahukona," bound from Honolulu for San Francisco, about 600 miles off the coast. Commander Maude signalled "All Well" and declined assistance. The Mahukona reported the incident, which was the first news of the "Half Moon" since she left Victoria.

To continue Commr. Maude's narrative. "Coming north, when off San Francisco, I stood out to sea in order to meet the north-west winds, but heavy winds forced me back to the Oregon coast. I beat up-shore by day and at night stood out to sea. On the morning of August 4 I reached Flattery, but what with fog, swell and foul winds I was forced to beat about for five days and finally was glad to accept tow to Neah Bay on the North Coast of Washington) where I anchored at 2 p.m. on August 9. Capt. Wilby, agent of the department of marine, kindly sent over a government boat to take me to Victoria again."

Commander Maude's son, Capt. G. A. Maude, our good friend, who has for so many years been captain of the ferry "Cy Peak," met his father in Victoria, and after a few days' rest after the old gentleman's venture which nearly ended in tragedy, he took him home to Mayne Island.

Thus ended the adventurous trip, covering a distance of over 4,000 miles during 97 days, doubtless a unique record for a man of his years. Had the accident not occurred, which practically disabled the old man, who shall say that he would not have accomplished what his heart desired, be that a safe arrival at London, or the attainment of eternal peace in the attempt!

The old gentleman died peacefully in 1929 at the ripe age of 81.

THE GULF ISLANDS

FULFORD

Alan Trelford has returned home after spending the week-end with Mr. and Mrs. Gear-Evans.

Duncan Scott has returned home after three months on Mayne Island. He has taken the position of deck-hand on the Cy Peak.

Sapper James Horel is spending a leave with his uncle and aunt, Mr. and Mrs. A. Hepburn.

Mr. and Mrs. F. L. Jackson have returned home after spending a few days in Nanaimo and Wellington.

Blake Millner has returned home after spending the week-end with Mr. and Mrs. W. Hippisley.

GANGES

Mr. and Mrs. John Crofton, who have been visiting the former's mother, Mrs. Desmond Crofton, and Lt.-Col. Crofton at "Spring Corner," left on Monday for Vancouver, from where Mr. Crofton is leaving for Trenton, Ont., to take a six-week course.

W. H. Powell, London, Ont., who has been visiting here for a day of two, left on Friday.

Miss Wylla Davis, R.N., arrived last week from Victoria and has joined the permanent staff of the Lady Minto Hospital.

Miss Christine Humble, public health nurse for the Gulf Islands, is a patient in the Lady Minto Hospital, recovering from a recent operation.

Mr. and Mrs. Gerald Ruddick and their little daughter, left recently to take up residence in North Vancouver.

After a few days' visit to Harbour House, J. L. Arnold left on Thursday for Vancouver.

After spending a week at "Aclands," Mrs. R. Mowat returned on Monday to Victoria.

Mrs. Jean Feldcamp, who has been on the staff of the Lady Minto Hospital, returned last week to Victoria.

Miss Dulcie Crofton returned last week to Vancouver, after a short visit to her home here.

Mrs. T. A. Millner left on Saturday for Vancouver, where she is visiting friends and also her sister, Miss Marjorie Hardy, at Burnaby.

Two Vancouver dentists, Dr. William B. Touhey and Dr. Jacqueline Vance, arrived here this week and will practice from February 16 to 23. They have taken Mr. Adrian Wilke-Milner's apartment and B.C. Land Survey office on Ganges Hill. Each month, approximately on the same dates, the doctors will visit the Island professionally and from February 16 appointments will be arranged at their own office. Prior to that date they will be made at the office of Dr. G. J. Ankenman and Dr. D. A. Boyes.

GALIANO ISLAND

Before leaving British Columbia for a three-month visit to England, Mrs. C. S. Wormald will spend a week in Victoria visiting her daughter, Mrs. Gordon Forbes, and her son, Ray Wormald. She will sail from St. John's on February 28 aboard the Empress of France.

Mr. and Mrs. Ralph Radford have left to spend a few days in Vancouver.

Tom Head, who has spent the past month in Shaughnessy Military Hospital, returned home on Tuesday of last week.

Word has been received that George W. Georgeson is making a good recovery following an operation in Shaughnessy Hospital. Mr. Georgeson, a veteran of the First World War, has had shrapnel removed from his side. It was an injury incurred during the first war.

A card party sponsored by the P.T.A. was held on Saturday, Feb. 3, at the home of Mr. and Mrs. Fred Robson. Prizes for highest scores went to Mrs. G. E. Nichols and Fred Robson. Consolation awards were won by Mrs. Robson and A. M. Hodge. Hostesses for the evening were Mrs. W. Campbell, Mrs. G. E. Nichols, Mrs. Hawthorne, Mrs. R. Lorenz and Mrs. G. Jack. A. M. Hodge was master of ceremonies.

Cmdr. and Mrs. T. Anderson have returned to "The Outlook" after several weeks on the mainland.

PENDER ISLAND

Mr. and Mrs. Martin, of Vancouver, were visiting for the week-end with Mr. and Mrs. J. Ruth, of Browning Harbor. They arrived on Saturday, Feb. 3 and returned on Tuesday's boat.

Mrs. Webb left for Vancouver on Saturday and returned on Tuesday, Feb. 6.

Mr. and Mrs. Elmer Bowerman left on Tuesday for Vancouver and Vancouver Island points.

On Thursday, Feb. 8, Mrs. Walker, Mrs. Dobree and Mr. Anderson from Rossland, went to Vancouver.

Mr. and Mrs. D. Rasleigh have left for Vancouver.

Harry Brackett was hurt in a logging accident last week. His condition is not serious. Dr. Boyes came by launch on Thursday night to give him medical attention.

MRS. COLIN MOUNT IS INSTALLED AS PRESIDENT OF LEGION L.A.

Regular monthly meeting of the Ladies' Auxiliary to the Salt Spring Island branch of the Canadian Legion was held recently at Harbour House, Ganges, with 21 members present.

Prior to the opening of the meeting, Mrs. Colin Mount was installed as president for 1951 by Mrs. J. B. Acland, past president of the organization. Names of prospective members were read, together with numerous letters of thanks acknowledging gifts from England, also from war veterans and their families in this country.

The treasurer's report showed a balance of \$477.72. The annual commitments of CARE parcels, military hospitals and current expenses were ordered paid.

Mrs. L. Parham, layette convener, stated that one baby gift had been presented in January. She read a letter of thanks from the Queen Charlotte Hospital, London, England, for the layette sent prior to Christmas.

Mrs. George Lowe reported having sent one parcel of used clothing to England in January, and read a letter acknowledging one of the previous month.

The following officers were unanimously elected: local hospital visitor, Mrs. H. Wood; Victoria hospital visitors will be arranged by Mrs. A. R. Layard; layette convener, Mrs. L. Parham; overseas parcels, Mrs. George Lowe. The election of a social convener and committee was tabled until the next meeting.

The L. A. decided to sponsor the Blood Clinic once again, the committee elected to organize the campaign being Mrs. C. Mount, Mrs. J. B. Acland and Mrs. A. Francis. The president urged "wholehearted support for this worthwhile cause," especially in view of the somewhat critical condition existing in the world today.

VALENTINE STALL REALIZES \$45
Sponsored by the Parent-Teacher Association and under the convener'ship of Mrs. W. A. Trelford, a Valentine candy stall was held last Saturday afternoon at Mount Bros. store, Ganges. The sum of \$45 was realized for the benefit of the funds. Assisting the convener were Mrs. Donald Goodman, Mrs. E. Gear, Mrs. E. L. Harter, Mrs. Laurie Mount, Mrs. Art Young.

The prize, a box of candy, was won in a contest by John Netherfield.

BIRTHDAY PARTY AT FULFORD
Valentine motifs were the decorations used by Mrs. Gear-Evans on Saturday, Feb. 10, for the party honoring her son, Michael, on his 12th birthday. The afternoon was spent playing games and the tea table was set with favors, ice cream, and the decorated birthday cake topped by 12 lighted candles.

Among those present were: Blake Millner, Alan Trelford, Pat Lee, Frank Lamoney, Raymond Young, Jimmy Hippisley.

OPERATION "SPRUCE GUM"
Operation "Spruce Gum" was the term applied by Montreal Boy Scouts and leaders to a Christmas good turn. They helped the Montreal School for the Blind sell some 30,000 Christmas trees by acting as tree stackers, selectors and by making hot cocoa for the chilled workers at the tree sales stands.

Stamp collecting puts a premium on poor printing since a blot, blur or misprint increases the value.

CHALLENGES BOY SCOUTS
"Plan Achievement," a personal challenge to each of Canada's 115,000 Boy Scouts to make real progress in Scouting in the next three years, was officially launched across Canada on January 2 by Jackson Dadds, C.I.E.,

MAYNE ISLAND

The Rev. and Mrs. P. Horsfield and baby left for Victoria last Monday, where they are visiting the former's mother. Later they will go on to Duncan to visit Mrs. Horsfield's family before returning home on February 17.

Mr. Steele and Mr. Neill left on Thursday for Vancouver.

Mr. Hainsford, of Victoria, is spending the week-end with the Halls at the Anchorage.

Dave Bennett has returned from Vancouver, where he and Mrs. Bennett had been visiting.

A meeting of the P.T.A. was held last Wednesday at the home of Mrs. Horton. It was decided by the members to put on a variety entertainment in the near future. The P.T.A. is sponsoring a Valentine tea to be held at Grand View Lodge on Thursday, Feb. 15.

A Valentine dance was held Saturday, Feb. 10, at the Community Club Hall, with the four-piece Duncan and Down Beat orchestra playing.

Mayne Island branch of the W.A. held their monthly meeting at the home of Mrs. Greene, on Thursday, Feb. 8, with 11 members present. Mrs. Pratt and Mrs. Devereaux were elected delegates to the annual convention of the W.A. in Victoria.

Pender W.I. Continue Care Of Adopted Boy

The monthly meeting of the Pender Island Women's Institute was held in the Hope Bay Hall on Friday evening, Feb. 9.

A little boy was adopted in England last year, and the decision was made to take care of him this year again. A photograph was received this Christmas, and letters from him are very interesting.

A party-dance was held in the Hope Bay Hall on February 10, by the new hall committee. In charge of the arrangements are Mrs. Scott, Mrs. D. Taylor, Roger Allan, Stewart Corbett, Don Grimmer and Elmer Bowerman.

Proceeds will go towards construction of the new hall.

Square Dancing Is Popular At Fulford

Square dancing enthusiasts enjoyed the fourth of a series of square dancing parties, held every two weeks at the home of the Hamiltons, "Dromore," Fulford, on Friday, Feb. 9. There were 21 people present.

Dancing was to recorded music with Art Heppburn calling the changes. Refreshments were served at 11.30 and dancing continued for another hour.

Among those present were: Mr. and Mrs. A. Davis, Mr. and Mrs. A. Hepburn, Mr. and Mrs. E. Lacy, Mr. and Mrs. A. Hepburn,

Salt Spring Island Vestry Meeting Hears Reports

The annual vestry meeting of the Salt Spring Island parish was held recently in the parish room, Ganges, with Ven. Archdeacon G. H. Holmes in the chair.

The vicar gave a most encouraging report of the year's work. The financial report showed that \$4,096 had been realized by church activities and that the parish hall building fund stood at \$861.

A committee was appointed, consisting of Mrs. S. P. Beech, Lt.-Col. J. H. Carvosso, Lt.-Col. Desmond Crofton, Archdeacon and Mrs. G. H. Holmes, to go into the matter of building and investigating costs. The committee will report later.

Reports were heard from representatives of the Woman's Auxiliary, the W.A. Evening Branch, Vesuvius Bay Circle, St. Mary's Guild, St. George's Altar Guild and also from St. George's and St. Mary's Guilds Sunday Schools. The vicar appointed Lt.-Col. Carvosso his warden for St. Mark's Church, central; Stephen King for St. George's, Ganges, and Col. J. Bryant for St. Mary's, Fulford.

People's Warden
People's warden elected for St. Mark's was Peter Cartwright; for St. George's, Lt.-Col. Crofton; and for St. Mary's, W. W. Hippisley. Secretary, W. M. Palmer; treasurer, Harold Price. Church committee: Mrs. E. Adams, Mrs. V. C. Best, Mrs. H. C. Carter, Mrs. W. Norton, Mrs. Harold Price, Mrs. H. A. Robinson, E. Adams, Reginald Price, Victor Sholes, Adrian Wolfe-Milner. Auditor, J. Bate. Delegates to the synod: Lt.

Mr. and Mrs. A. O. Lacy, Mr. and Mrs. L. J. Mollet, Mr. and Mrs. R. H. Lee, Mrs. C. Lee, Misses B. V. and I. Hamilton, and C. and D. Hamilton and James Horel.

Seventy-two per cent of the earth's surface is water.

A puzzle you can't solve alone

• If you are looking ahead, you probably don't see all the answers to your problem of future financial security.

No wonder. Because to find them you must have life insurance — planned to meet your special needs with the help of a life underwriter.

He is used to solving problems like yours. He will show you for instance how to be sure there will be money enough to keep your family together in the home in case you die prematurely.

Or perhaps you're worried about the amount of income you'll need in later years when your earning power declines. If so, your life insurance man will help you work out a plan to meet that — or any other financial need of the future. And all of these plans will be fitted into a master plan which is within your means.

Only your life underwriter's special training and experience makes this service possible. And he is glad to take plenty of time to advise you on your problems — no matter how complex they may be.

More than a million Canadian families have benefited by the advice and experience of the modern life underwriter. Rely on him!

The Wise Gardener

Notes From Saanichton Experimental Station

How much damage did winter vegetables suffer as a result of our recent cold snap?

At the Experimental Station, where a minimum to date for the winter of 18° F. was recorded on January 28 and 29, a preliminary assessment has been made. Spring cauliflower came through in fair shape and, while the plants appeared wilted for a day or two, they are now all standing up. As has been previously noted, smooth-leaved korts are less hardy than curly-leaved kinds.

Curds of late cauliflower plants, still unharvested, which were exposed, were of course frozen, but heads which were well protected by surrounding leaves are quite undamaged. Late varieties of Brussels sprouts which had a fair leaf coverage protecting the sprouts can still be picked, but early varieties are nearly all finished.

Savoy, still unharvested, appear undamaged. Again the importance of good drainage for overwintering subjects is evident, for where water has been lying, even the hardier crops have suffered far more than on well-drained locations.

Nitrogen is absolutely necessary for the growth of all our fruit trees and is the most generally required element of all. Only in organic (peat) soils can a high state of fertility be maintained without frequent applications of nitrogen in some form or other.

Since too much nitrogen at any one time is not a good thing, as it may be lost through leaching or bacterial action, it is not desirable to make heavy spasmodic applications. Smaller amounts applied annually are preferable.

Sources of nitrogen are manures, any decayed organic matter, sulphate of ammonia, ammonium nitrate, nitrate of soda and cyanamide.

The aim should be to obtain 6-8 inches of annual terminal growth in our apple and pear trees. If lack of water is the limiting factor, then some relief can be obtained through surface mulches such as straw, hay, sawdust or through irrigation. In any case trees to produce satisfactorily must have a supply of new wood annually to replace worn out and broken spurs, twigs and branches.

WHAT IS SACA-PELO?
Saca-Pelo is the most remarkable scientific discovery of the age, which will permanently kill the roots of all superfluous hair. Saca-Pelo contains no drug or chemical, and can be applied easily in the privacy of your own home or in LOR-BEER LABORATORIES 679 Granville St., Vancouver, B.C.

40th Anniversary of "The Rotarian" Is Celebrated By Sidney Club

Meeting on February 7, members of the Sidney Rotary Club celebrated the 40th anniversary of "The Rotarian", an international magazine subscribed to by over 300,000 Rotarians in 83 countries of the world.

There was a skit by Rotarians Smith, Tobin and Stenton showing how the 140th anniversary of the magazine may be celebrated in the year 2051. Major S. S. Penny gave a 15-minute resume of the past 40 years of The Rotarian from January, 1911 when the "National Rotarian", a 12-page newspaper made its first appearance to the then 3,000 Rotarians. By January, 1912 the first magazine form of The Rotarian made its debut and has been issued each and every month since that day.

Many distinguished men and women in the world have and are contributing to its pages — men like Mohandas K. Gandhi, Albert Einstein, Thomas Mann, Trygve Lie, Jan Masary, Henry Ford and General Eisenhower. Women contributors include Pearl Buck, Mrs. Eleanor Roosevelt and June Lockhart.

It is printed in English, Spanish and French.

Since 1932 The Rotarian has featured "Debate-of-the-Month" articles on timely subjects with a new subject each and every month. Some have been: "Should We Fine People Who Don't Vote?" "Should the U.S. Revive the Gold Standard?" etc.

C. S. Goode gave a preview of the future of The Rotarian for the next 40 years.

As Rotary expands so will the circulation of the magazine and so will the number of pages in each edition. The magazine has lived through two world conflicts and emerged each time stronger than before. As long as there are free-speaking countries in the world there will certainly be The Rotarian, he declared.

Visitors included Charles E. Brown and Arthur Brown of the Victoria club.

The club accepted the invitation to sponsor the North Saanich Musical Society concert to be held soon.

Eric Vickerman, chairman of the vocational service, advises that the North Saanich high school

IF YOU'RE A MOTORIST...

Read this!

As a B.C. motorist you are paying too much to drive your car. You pay 10c Provincial Tax on every gallon of gas as well as Federal Sales Tax... you pay 3% Sales Tax on new and used cars... you pay the highest registration fee in Canada. You pay for examination of your driving ability and a semi-annual car checkup fee!

And your car license? Wouldn't \$5.00 be plenty for a four cylinder car... \$10.00 ample for the average size car—instead of the exorbitant price you pay now? On top of all these overburdening taxes, your government in Victoria is collecting drivers' license fees FIVE YEARS IN ADVANCE... \$5.00 more out of your pocket! Sure, taxes are necessary—but should they be gained by overtaxing you, the motorist? What can be done? Individually, nothing—but collectively a great deal. Your Automobile Association is the only effective voice working on behalf of the motorist.

Fill in and mail to your local member of the Provincial Government

I believe B.C. taxes on automobiles and motorists are completely out of line, and that action should be taken now to secure relief from the present administration's tax policy.

PASSING ON OF PAGAN PAN

GAVE WAY TO VALENTINES OF TODAY

(By D. Leedham Hobbs)

In 269 A.D. there lived a worthy man, a presbyter of the early Christian church, named Valentine, who went about spreading the Gospel among the Romans and Greeks, who still worshipped many heathen gods.

In the middle of February, a strange feast or festival was held in Arcadia, part of Greece, in honor of Pan or Lupercus, the God of Agriculture. Pan was a pastoral god, the god of shepherds, and flocks and his festival was connected with the cult of purification, growth and fertility. He was a strange god, part man, part goat, depicted with small horns, goat's legs, and was always seen playing his syrinx or Pan's pipes.

At the feast, goats were sacrificed, the skins of which were cut into thongs, made into whips and used by the priests of Pan to whip or flick the people who were thus considered purified.

As Pan dwelt in the wild, waste country and in the valleys and forests, travellers believed they heard his pipes, and were terrified at strange, sudden sounds around them. In an impulse, however, Pan, they thought, suddenly appeared behind them giving them a fright.

Pan and Panic

These nameless fears which grew and produced the bounding heart, the wild terror, causing stampeding and flight were "Pan" fears. The very same word we use today to describe growing unexplained fear. Pan was a god who exercised a real terror over his devotees.

Now, devout old Valentine decided he would travel to Arcadia and try to save these people from their frightening beliefs.

So successful was he, that the priests of Pan saw their followers dwindling and their power waning, and seized Valentine, treating him cruelly and doing their best to make him recant his Christianity. They sent him back to Rome and there, in prison, he was placed under the custody of Asterius.

Blind Daughter

Asterius had a blind daughter and legend goes on to say that after converting the whole family to Christianity the little daughter received her sight.

After a year, the Lupercalia came round once more. Valentine refused to become a Pan-worshipper and was taken to the Via Flaminia, stoned and beheaded by order of Claudius II, on the 14th of February, the eve of Pan's feast.

Time came when the early church wished to remember her martyrs and saints and chose special dates on which to remember them. There were saints, supposed to guard travellers, saints who took a special interest in various crafts—and to Saint Valentine was allotted February 14—a time when birds were choosing their mates, when buds and blossoms were showing the miracle of spring.

So Valentine was given the charming role of patron saint of birds and lovers.

All sorts of fun grew around the choice or preference of youth or maiden. Names were written on billets of wood and drawn as lots; names on paper wrapped in small balls of clay were placed in a bowl of water which would disintegrate first and release the chosen names.

Commercialized

Presents were given, and tokens of affection sent, with, usually, the added excitement of anonymity. At the present time, the special love-token we know as a Valentine, with its crimson heart and flowers and sentiment, has become commercialized to spread over the whole family and to extend to acquaintances. Who knows? perhaps it is a happier attitude, but from the feminine point of view, I think I am right in saying that a girl's first Valentine is something to cherish.

COLOMBIA IMPORTING CANADIAN POTATOES

Colombia has awarded an order for 3,000 tons of table potatoes to a Canadian producer and exporter. This is the first year that it has been necessary for Colombia to import potatoes, as previously the country had small exportable surpluses. Many crops were destroyed this year owing to an extended rainy season.

THE REVIEW'S MARKET LETTER

(By H. A. Humber, Ltd.)

As the market continues to rise with some stocks such as Massey Harris, Abitibi, Fraser Co. adding as much as five to seven points in two trading sessions in the past week, we are faced with the necessity of being more definite in our attitude regarding the action that should be taken at this time.

Today let us deal with only one signal, the market indices in Toronto. These are now standing at 337.40, approximately 43 points below the New York index peak in 1929. Forty-three points at the recent rate of climb can be discounted in a matter of weeks. Then What?

Due to the change in dollar values they will go beyond that point for a short distance before a serious reaction, even a drastic panic of selling, precedes and determines the future listless indifference to a sagging market, which may continue for some years. Do not allow yourself to be lulled into a false sense of security by all the illustrations of the many existent safety factors and so-called preventive measures. These will disappear as chaff in

'Phone Expansion Continuing in 1951

The B.C. Telephone Company's record increase of 20,055 telephones in 1950 was not made possible by the installation of instruments alone.

It required the expenditure of several million dollars on thousands of miles of wire, thousands of feet of cable, hundreds of items of central office equipment and thousands of man-hours of work.

The company is continuing this outstanding progress into 1951—to further extend and improve telephone service throughout its territory.

Anniversary Tea Is Planned By Ladies' Auxiliary

The regular meeting of Ladies' Auxiliary, No. 63, Army, Navy & Air Force Veterans, was held in the Veterans' Hall on Feb. 8. President H. Coward presided, 21 members were present.

The minutes of the Provincial Command quarterly meeting, held in South Vancouver on January 20, were read. Mrs. W. Waters, the delegate from the Sidney Auxiliary, gave her report, stating that the next quarterly meeting will be in Victoria on March 17.

To mark the first anniversary of the Sidney Auxiliary, a spring tea is planned, to be held April 12. This will include a sale of home-cooking, "Penny social," and tombola. Members were asked to bring their contributions for the "Penny social" to the next meeting. Convener of the tea

SEEK FRIENDS IN SIDNEY

Two residents of Sidney are sought by a lady in Vancouver. The Vancouver lady has written to "The Country Cousins" stating only their first names, "Barbara and Ed." The writer is Myrtle Frith and she states that she received a Christmas greeting from her friends, but that she has no recollection of their surname.

If the people whose names are Barbara and Ed. should wish to communicate with Mrs. Frith they may obtain her address from The Review office.

will be Mrs. Ivy Bennett, chairman of the entertainment committee.

Mrs. C. S. Goode won the tombola, which had been donated by Mrs. J. MacDonald. Mrs. Goode offered to donate the tombola at the next meeting, March 8.

Fashions in Wool

In the Petit Salon of a large London store, recently, a mannequin parade was held to display some of the new fashions in wool, designed for 1951. Our picture shows a model evening gown of British design, by Paton and Baldwins. It is hand knitted, with over 27 ounces of wool in a traditional Shetland design. The dress measures six yards round the hem.

Mrs. W. Thompson New President Of Bible Society

The Sidney and North Saanich branch of the Bible Society held its annual meeting in the Pentecostal Church on Wednesday, Feb. 7. There was a fair attendance. Rev. W. A. R. Tingley, district secretary from Vancouver, was the speaker. He paid high tribute to the late A. Menagh, former honorary president of the Sidney branch, who, he said, had wholeheartedly supported the work, and mentioned the very generous gift of \$500 left by him in a legacy, to carry on the work.

The Society celebrates its 150th anniversary in 1954 and special efforts are being put forward to increase the number of member branches, and sale of Bibles, before that year.

Mr. Martins, Colporteur on the Island, gave a short survey of his work and experiences on the many small islands, proving from his sales, that the "Bible is still the best seller."

Life in India
Mr. Tingley then gave a vivid insight into life in India through the pictures of a wonderful film. These depicted the hopelessness of India's false gods and the peace and joy that come to those who are brought to know God through the preaching of the Word.

New officers appointed for the year are: honorary president, B. Deacon; president, Mrs. W. Thompson; secretary-treasurer, Mrs. J. Menagh, with J. Patterson, S. Lines and Geo. Webster as members of the executive.

The collection for the evening amounted to \$14.08.

totalled 21,300 compared with 20,868 in the corresponding ten months of 1949, and with a pre-war average annual rate of under 17,000.

SCOUT and CUB NOTES

(By A.S.M.)

Our founder, Lord Baden-Powell, believed in honest endeavor. Next week we celebrate his birthday, as does the whole world of Scouts. In doing so we, the 1st Sidney Troop are endeavoring to raise funds for the new foundation required for the Scout and Guide Hall.

Apart from the collection and sale of bottles, paper and junk, etc., we are instituting a more enterprising method of raising money. We are going to earn it the hard way. Our slogan "Three Nickels and a Dime for a Little Time" may sound odd but at least it rhymes. Each Scout will make a call on the residents of Sidney during the next two weeks, he will offer his services to carry out various odd jobs in and around the house, little jobs that take about 30 minutes or so. For these services we hope they will be paid at least 25c, or more if the endeavor seems worth it. Each boy will hand his earnings over to the committee who will make a statement later in the month.

We hope that the people of Sidney will co-operate by supporting their own Scout troop and find "jobs for the boys."

If you have odd jobs that need doing and you have not had a caller, phone Sidney 58M or 130.

First Sidney Troop is holding a Father and Son banquet on Monday, Feb. 10, at 7 o'clock at St. Andrew's Hall. All fathers of Scouts are invited.

ANALYSIS OF FAMILY LIFE FROM CENSUS

Changes in the number and average size of Canadian families will be revealed by the Ninth Decennial Census of Canada, to be taken in June this year. During the ten years from 1931 to 1941 the average number of children per family decreased. Since 1941 the number of families has risen far more than during the 1930's, but it is probable that the average number of children per family has decreased further in spite of a marked increase in the birth rate. Exactly how much each has changed will be shown by the 1951 census.

The 1931 census enumerated 2,149,000 families, while at the 1941 census 2,525,000 were recorded, an increase of 17.5 per cent. Judging by estimates for years since 1941, the 1951 census will show a still larger proportionate, as well as numerical, increase over 1941. The estimated number of families in June, 1949, the latest date for which such an estimate is available, was 3,187,000, an increase of over 20 per cent since 1941.

Immigration
Regarding the factors in family formation, there has been an average of 166,800 marriages yearly over the period 1941-49 of persons marrying for the first time, while in the period 1931-40 the yearly average was 75,200. There has also been a considerable immigration of families into Canada since the Second World War.

In 1931 there were 4,065,000 children in families, an average of 2.3 per family. In 1941 the number was up to 5,200,000, but the average per family was down to 2.1 children. The reduced 1941 average reflects the lower birth rate of the 1930's, the average birth rate for this period being 20.9 per 1,000 of the population as compared with 24.1 per 1,000 over the period 1926-30.

Since the 1930's the birth rate has risen; for the period 1941-48 the yearly average was 24.9 per 1,000. However, the increase in the 1940's was due largely to the increase in marriages and, consequently, in first and second births, and not to a relative increase in the birth rate of fourth and later children. Accordingly, while the 1951 census will

show a considerably larger number of both children in families and of families with children, the average number of children per family is not likely to exceed the average for 1941.

EATON'S

ACCURACY
This consideration is every EATON's aim.

When we quote

REDUCED PRICES

we have a clear policy!

When we advertise a reduction from a "Regular Price" we mean the price at which this article sold on our counters before the reduction was made; and we state specifically the reason for the reduction — such as "ends of lines," "broken sizes," "discontinued styles."

This is one of the many ways in which we apply the rule that

EATON ADVERTISING

• must mean what it says

• and say what it means!

Yummy! Chelsea Bun Loaf

A treat you can make easily with

new fast DRY Yeast

Now you have Fleischmann's Fast Dry Yeast, forget about the oldtime hazards of yeast baking! Always at hand — always full-strength and fast rising! Keep a month's supply in your cupboard! Make this delicious Chelsea Bun Loaf — cut in slices for buttering, or separate the buns.

CHELSEA BUN LOAF

Make 3 pans of buns from this one recipe — dough will keep in refrigerator for a week.

Scald 3/4 c. milk, 1/4 c. granulated sugar, 1 1/2 tsp. salt and 1/4 c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl 1/2 c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 mins. THEN stir well. Add cooled milk mixture and stir in 1 well-beaten egg. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2 1/2 c. once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Cut off 3/4 of dough, knead into a smooth ball, place in greased bowl, grease top of dough, cover and store in refrigerator until wanted. Shape remaining 1/4 of dough into a smooth ball, place in greased bowl and grease top. Cover and set in warm place, free from draught. Let rise until doubled in bulk: Cream 3 lbs. butter or margarine and blend in 1/2 c. brown sugar (lightly pressed down), 1 1/2 tsp. ground cinnamon and 3 tbs. corn syrup; spread about 1/2 of this mixture in bottom of a greased loaf pan (4 1/2" x 8 1/2") and sprinkle with pecan halves. Punch down risen dough and roll out into an 8" square; loosen dough. Spread with remaining sugar mixture and sprinkle with 1/2 c. raisins. Loosely roll up like a jelly roll. Cut roll into 6 slices. Place in prepared pan. Grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°-375° mins. Let stand in pan for 5 mins. before turning out.

THE ONLY RAILWAY SERVING ALL TEN PROVINCES

Nice Going

Comfort is the word for Canadian National travel. Whether you ride in coach or parlor car, you enjoy roomy armchair ease as the miles speed smoothly by. Stretch your legs when so minded, by a stroll to the smoking car. The hours pass swiftly and pleasantly. You arrive refreshed — when you go Canadian National.

Mealtimes are a delight in Canadian National's inviting dining cars. Your favourite dishes, temptingly prepared, are daffily served in a cheerful, friendly atmosphere.

You'll sleep soundly in the soothing quiet of Canadian National night-travel accommodations, berths or rooms ... air-conditioned for your comfort. Travel by train for dependable, all-weather service.

CANADIAN NATIONAL

GRAND CHANCELLOR IS WELCOMED AT SIDNEY PYTHIAN LODGE

Pythian Sisters, Victory Temple No. 36, held the regular meeting on Tuesday, Feb. 13, in the K.P. Hall. Most Excellent Chief E. S. Warner presided; 33 members were present, including Bro. H. Tripp.

Grand Chancellor H. R. Brown, of the Grand Lodge, Knights of Pythias of B.C. was a welcome

guest. He was accompanied by Mrs. Brown. Also visiting was Mrs. C. Brown, of Trail Temple No. 3, Trail, B.C.

Mrs. A. A. Cormack, of Sidney, became a member of the order by initiation and was given a hearty welcome.

Mrs. M. Thomson and Mrs. E. Bath reported on the Parks Board meeting regarding the Sidney Day celebrations.

A letter was received from Grand Chief May Gold, of Vancouver, stating that she would make her official visit on March 7. A motion was adopted to send for a dispensation to change the first meeting in March from March 13 to Wednesday, March 7.

In his address to the temple, Grand Chancellor Brown said how proud he was to visit Victory Temple, which he helped to institute nearly seven years ago. He advocated a greater working union between the Sister Temples and the Knights Lodges. The principles of the order were explained, and applied to life today. He concluded with a hope that he would be able to visit the temple again in the near future.

Degree Staff Captain Turner called for a staff practice after the next meeting, on Feb. 27. Refreshments were served following the adjournment of the meeting.

HE REPRESENTED RATEPAYERS' ASSN.

Ed. Logan, of Brentwood, an official of Ward Six Ratepayers' Association and of the Saanich Chamber of Commerce, addressed the Central Saanich Council at its regular meeting on February 6 regarding apportionment problems.

The municipal clerk noted in the minutes of the meeting that he had represented the Chamber of Commerce.

Mr. Logan attended the regular meeting of the council on February 13, pointing out that in his previous appearance he had represented the Ratepayers' Association. The minutes were accordingly amended.

Australia is the only continent lying entirely south of the Equator.

Lion and Unicorn

In the Essex village of Great Bardfield, a straw lion and unicorn are being made by Fred Mizen, a gardener, for display in London's South Bank Exhibition during the 1951 Festival of Britain. Centuries ago the Saxons used to make "corn dollies" out of wheat straw for pagan rites, and Mr. Mizen still makes them in the same way. This display piece is a special effort to show what British rural craftsmen can produce. With two neighboring villages, Great Bardfield will stage a countryside exhibition to show visitors how local industries still thrive as they did before the factory system sprang up.

CANNED MEATS FROM BRITAIN ROUSE CRITICISM FROM BRITONS

Canned meat has caused confusion among many former residents of Britain now living in North Saanich.

Simultaneously with the announcement in Britain that the meat ration was to be reduced to eight pennyworth per person per week (approximately 11 cents), there appeared in many local stores a canned steak from Britain.

Mrs. Kay Vickerman, of Ardmore, enquired as to the source of the meat and learned that it was part of a consignment of some two million pounds of such meat that had recently been imported. Mrs. Vickerman expressed her disapproval of the state of affairs to The Review. It was bad enough, she said, that the people in Britain should be so short of meat. It was absurd, considered Mrs. Vickerman, that meat should be sent to this country in large quantities when it was so urgently needed at home.

There has been a number of brands and varieties of English canned meat on the market here for the past 12 months. They have become more generally available during recent months.

Mrs. Vickerman's opinion was shared by a large number of residents of the district. The Review enquired of a number of people to ascertain their views.

Squad-Ldr. C. S. Goode, of Sidney, said he was amazed to see the British meat on sale in Canada. Squad-Ldr. Goode has lived in Sidney for about five years. He was stationed at Patricia Bay Airport during the Second World War. "This is obviously the re-export of meat from the Argentine," he remarked. "It is sent to Canada to produce dollars. Nevertheless I would like to see the question raised in the British House of Commons regarding this matter."

NORTH SAANICH WIN AT VOLLEYBALL

In a closely-contested volleyball game played on the outdoor court at Mount Newton on Monday the North Saanich Senior girls defeated the Mount Newton team by two games to one, the scores being 15-12, 10-15, 15-2. For the winning team, Ellen Bertelsen proved to be outstanding while Betty Polson and Anne Moluski showed up well for the losing side. This game was another in the series to count toward the F. N. Wright trophy currently on display at the Bank of Montreal, Sidney.

AVIATION TROPHY

The Boyd trophy for 1950, awarded annually for the finest feat of aviation by an individual or a unit of the Royal Navy, has been awarded to the light fleet aircraft carrier 'Theseus', serving in Korea.

Planet means wanderer.

In and AROUND TOWN

Miss F. Pusey, Mrs. Wilson Thompson, Mrs. Leslie Sheppy, Mrs. M. Erskine, Mrs. H. Goertzen and Mrs. E. L. Leng. Mrs. J. G. Veary was organist. A bouquet of beautiful red and white tulips, the gift of F. Lines, graced the altar. Twenty-two persons gathered at the Deep Cove meeting, presided over by Mrs. H. Payne and Mrs. R. M. McLennan, in St. Augustine's Hall. Others assisting were: Mrs. S. Kelley, Mrs. H. T. J. Coleman, Mrs. Anderson Smith, Mrs. H. Watt, Mrs. J. Gardner, Miss A. M. Meikle was organist. Offerings at the two meetings amounted to \$38.30 and this will be used for distribution of Christian literature.

Deep Cove Community Club met at the school auditorium Friday evening to enjoy a social evening. Games were played and delicious refreshments were served by Miss W. Brown and her assistants. Approximately 40 members were present.

Deep Cove group of St. Paul's United Church W.A. held a home cooking sale Saturday afternoon at the Grand Meat Market, owned by C. Erickson. Proceeds amounted to \$16.

John McBain, of Winnipeg, was a guest last week at the home of his cousin, A. Fisher, Seventh St.

On Friday, Feb. 9, old and young gathered at the Legion Hall, Mills Road, to enjoy old-time dancing with the "Old Timers" orchestra from Victoria supplying the music.

Mrs. C. Lines, Aldous Terrace, entertained young friends of her twin boys, Michael and Leslie, on the occasion of their sixth birthday. A sumptuous lunch, including a beautifully decorated birthday cake, was thoroughly enjoyed by the young tots. Guests were: Michael and Leslie Litwin, Bruce and Lorne Fisher and Robert East.

Mrs. Olive Osborne, daughter of Mr. and Mrs. H. Tripp, Third Street, left last week to join her husband in Whitehorse, where he is stationed with the R.C.A.F.

Friends will be glad to hear that Miss Beatrice Cook, niece of Mrs. H. McPhail, McTavish Road, returned Friday from Vancouver where she has been recovering from an injury received about four months ago.

Howard Vine, who has been visiting in the East for the last few months, has returned to his home on Swartz Bay Road.

Mr. and Mrs. S. Butterick have taken up residence in the former home of Mr. and Mrs. T. L. Clarke which they recently purchased.

Mrs. Margaret Morris, formerly of Ottawa, and S. Gordon, were united in marriage at St. Paul's United church manse on Saturday.

TO REPAIR SCOUT HALL

At a special business meeting of the Sidney Rotary Club it was unanimously agreed to repair the foundation of the Sidney Scout Hall as one of the major projects of the Club for the current term.

The project will be financed from the Community Fund of the Club. The work will be done by volunteer labor parties which will be called at an early date.

Private surveys carried out by two separate engineers show that the foundation requires immediate attention, also the chimney, the plumbing facilities and the wiring.

The building at one time served as the railway station for Sidney. At the present time approximately 200 Scouts, Cubs, Guides and Brownies use the hall weekly. It is expected that the present ranks will be swelled when leaders become available.

day, Feb. 3, Rev. E. S. Fleming officiating. Mr. and Mrs. O. C. Wiggins, Patricia Bay, daughter and son-in-law of Mrs. Morris, were in attendance. Mr. and Mrs. Gordon will reside on the corner of Fifth and Bazan Ave.

Mr. and Mrs. T. L. Clarke, formerly of Amelia Avenue, will stay in Victoria for about two weeks, awaiting the completion of their new home on Fifth St.

Friends will be sorry to hear that S. Shields and Terry Wadham, Beaufort Road, who left recently to bring the former's car back from New York, were in a serious accident en route home. Mrs. Shields and Mr. Wadham left early Sunday morning by car for Stockton, near San Francisco, where the accident occurred. Mrs. Wadham received word that they arrived safely and found Terry in good condition. Mr. Wadham and Terry expect to be home this week-end.

MORE ABOUT FIRE BY-LAW

(Continued from Page One)

from Arthur J. R. Ash, provincial member for Saanich. Mr. Ash assured the council that he was doing all he could in the matter.

Further discussion took place regarding Tunstead Road and the road to Montfort Farm. Both matters were left in abeyance until further information is forthcoming.

The council decided to call on residents of the area who are operating insurance businesses in Central Saanich to quote on a policy for the protection of the fire crews. A letter to Philip Benn, Brentwood, was authorized. A quotation from S. L. G. Pope, of Sidney, was tabled. The council is to advertise for personnel to fill the appointments of municipal clerk, works superintendent and truck driver. All these positions are filled temporarily.

Tenders were opened for the supply of a one-ton pick-up and a four-ton truck. No decision was reached. The council had already extended the session beyond 11 p.m. and the matter was postponed.

The next meeting will take place on Thursday evening at 8 o'clock.

LOGGING ACCIDENT

George W. Cochran, of Sidney, is a patient in Rest Haven hospital after having suffered an accident to his foot. Last Friday morning Mr. Cochran was engaged in loading his logging truck when the axle he was swinging rebounded from the log and struck his foot. The blade entered between the first and second toes and broke a toe.

The victim was taken to Rest Haven hospital immediately. He is recovering, but he expects to be incapacitated for the next month or more.
